

Amstelland Day 2024

June 9 ~~~

Program

Stichting Beschermers Amstelland organizes the **16th Amstelland Day** on **Sunday, June 9**, with this year's theme "**Exercise and local healthy food**". Enjoy the beautiful landscapes throughout Amstelland's cultural-historical scenery, in which farms, nature, art and recreation all have their specific place. More than 50 locations will open their doors to welcome you, to participate in many activities that are organized on this day. This booklet offers the complete program including a clear map with corresponding numbers so you can walk or cycle your own favorite route. All information and this map can also be found on the website www.beschermersamstelland.nl/amstellandday

Why do we organize the Amstelland Day?

We, Stichting Beschermers Amstelland, organize this day because we want to show how beautiful and diverse this area is and that protecting 'the green lung of Amsterdam' as it is called, is necessary. This unique landscape has to stay available and accessible in the future. Please visit the area and enjoy your stay. Would you like to become involved? Become a volunteer, or donate and register at:

info@beschermersamstelland.nl

We advise you to visit the different areas by bike. We wish you a sunny, inspiring day!

On behalf of the board,
